

# Neutron Instrumentation and Innovation Award

## Prize 2021\*

### Call for nominations

The **European Neutron Scattering Association (ENSA)** invites nominations for the **Neutron Instrumentation and Innovation Award 2021**.

The Prize is awarded in recognition of ground-breaking contributions in neutron instrumentation or method innovation, thereby enabling advances in neutron science and technology.

#### Criteria

- Young scientist (3 to 10 years after finishing the PhD thesis).
- To have a clear association with ENSA scientific communities.

#### Nominations

- Submitted by individual European scientists (self-nomination excluded) or on behalf of a Division, Section or Group.
- Nominators may be members of ENSA or any of the national organizations represented by ENSA
- The nominator must ensure a signed acceptance of the nomination by the nominee.

#### Nomination documents

- Letter of motivation for the award.
- Brief curriculum vitae of the nominee and a short list of major publications.
- Letters of support from authorities in the field are accepted.
- A description or publication describing the nominated work.
- Nominations must be sent to ENSA Chair at the address: [henrik.ronnow@epfl.ch](mailto:henrik.ronnow@epfl.ch).

#### Deadline

**April 30th, 2022**

#### Award Venue

**International Conference on Neutron Scattering 2022 in Buenos Aires (ICNS 2022).**

\*This call for the **Neutron Instrumentation and Innovation Award 2021** which has been postponed to 2022 to coincide with ICNS 2022 which was likewise postponed. Nominations for the prize will be treated in confidence and, although they will be acknowledged, there will be no further communication.
